Federal Employees Dental & Vision Insurance Program (FEDVIP)

What is FEDVIP?

The program provides supplemental dental and vision benefits to Federal employees, retirees, and dependents (under age 22) through major insurance providers. FEDVIP benefits are applied after your Federal Employees Health Benefits (FEHB) plan, if any.

When can I enroll?

- Employees who are eligible for FEHB, whether they choose to enroll in FEHB or not, may enroll in FEDVIP plans offered in their area at <https://www.benefeds.gov/>.
- Members may enroll:
 - Within 60 days of hiring
 - During the annual FEHB open season (mid-November to mid-December)
 - Within 60 days of a qualifying life event (marriage, divorce, new child, change of address or plan availability)
- Coverage automatically renews for the next year unless changed during open season

What does it cover?

- There are three enrollment types: Self, Self Plus One, and Self and Family
- Regional and national dental and vision plans are available, most include high and standard options, and plans from different providers may be combined to suit.

Where can I find more information?

- The OPM website: <https://www.opm.gov/healthcare-insurance/dental-vision/>
- The BENEFEDS website: <https://www.benefeds.gov/>
- The GRB website under Dental & Vision Insurance: <https://platform.chra.army.mil/>
- Email HRO Technician Services ng.ky.kyarng.mbx.hro-technician-services@army.mil
